

Session 7 Assignment Questions

Please answer your assignments using your own words. Also make sure that if you are getting information from other sources, the source is properly cited or mentioned (APA format preferred), ensuring that you are not submitting work written by others. Uncited sources and AI generated assignments or submissions are considered plagiarism and may result in removal from the course.

Different opportunities to explore the environment will foster cognitive development in children. Understanding this will allow you to ensure that you can create a child care environment in which children will have lots of opportunities to learn.

Identify 1 play-based scenario for 2 different age groups (age 2 and 4), and answer the following 2 questions for each:

Play-Based Scenario for 2 years old	Play-Based Scenario for 4 years old
How might the children play with the materials or toys?	How might the children play with the materials or toys?
What might a child learn from this experience? Remember: this session is about cognitive development.	What might a child learn from this experience? Remember: this session is about cognitive development.
