

## Session 8 Assignment Questions

**Please answer your assignments using your own words. Also make sure that if you are getting information from other sources, the source is properly cited or mentioned (APA format preferred), ensuring that you are not submitting work written by others. Uncited sources and AI generated assignments or submissions are considered plagiarism and may result in removal from the course.**

Take a trip to the library, or if that's not possible, look through various booklists online.

Choose a book that interests you:

1. What is the title of the book and what age group is it appropriate for? Why do you feel the book is appropriate for this age group?

2. How does this book help develop a child's language skills?

## Session 8 Assignment Questions

3. Read the book to a child and answer the questions below:

a. What skills/approaches that you learned in this session did you apply to the conversation?

b. While you were reading the book, what could you have done to better promote the child's language development? (Please review slide 18.)
