Session 15 Assignment Questions

Please answer your assignments using your own words. Also make sure that if you are getting information from other sources, the source is properly cited or mentioned (APA format preferred), ensuring that you are not submitting work written by others. Uncited sources and AI generated assignments or submissions are considered plagiarism and may result in removal from the course.

Complete the Learning Story Template by intentionally observing a child. Ensure you:

• Observe and describe the child's play with an observer perspective; use specific and detailed language to describe what the child is doing

• Interpret and reflect on the child's actions and the significance of the learning that was observed in the child's play

• Develop a way to extend on the child's play (consider the environment, materials or resources)

Observation Date: _____

Created By: _____

Child's Age: _____

Experience: _____

Observation Story: *(describe the child's play using specific and detailed language to describe what the child is doing)*

Name the skills the child is learning. *(Please make sure the skills are developmentally appropriate for the child's age.)*

Alberta

Reflection:

What can you plan to extend this experience?

How could you use the environment, materials, or resources to extend the child's learning?
